Your page looks great! You did a great job making everything look cohesive, and I like the touch of the text shadow! I also really like how your other links go to an external image!

Just so you know, I will be marking assignments incomplete if they are missing any of the requirements. They are shown in the checklist down below. If there is a check, that means you have met that requirement, and if there is an X, that means there is something missing, or that needs to be fixed. If there are any issues with the assignment, you can always resubmit once changes are made! Let me know if you have any questions, I am always willing to help! :)

✓ Correct page submitted
✓ Has the structure of example webpage
✓ Head correctly formatted
✓ HTML validated
✓ CSS validated
✓ No Javascript errors
✓ Javascript "last modified" working correctly
✓ Current year shown using Javascript
✓ Images optimized
✓ Page has proper accessibility
✓ External links working properly
✗ Passes accessibility tests
*   *There are some contrast errors. You can use the wave too to view them. I won't mark this as incomplete, but before the next assignment, be sure to fix this :)*
